**Subject:** Re: Mr. Gary Knell to Meet Administrator Pruitt

Milan good morning. Also in the holding room will be Jim Proctor who will be introducing Mr Pruitt and Hank Habicht, Managing Director of the US Water Partnership and former Deputy EPA Administrator under President Reagan.

Look forward to seeing you.

Tom

Good Morning Millan,

I believe Chris Jankowski from Navigators Global, LLC let your team know that Mr. Gary Knell, President and CEO, National Geographic Society, would like to greet Administrator Pruitt in the green room at the State Department before Mr. Pruitt's remarks.

I just wanted to confirm with you.

Happy to discuss.

Thanks,  
Marc
