Workmen's Compensation Board of British Columbia

August 4, 1964.

Dr. Robert A. Kehoe,
The Kettering Laboratory,
College of Medicine,
University of Cincinnati,
Cincinnati 19, Ohio.

Dear Doctor Kehoe:

Claim #63071596

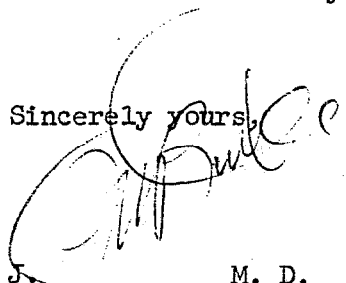

In reference to our previous correspondence and your review of the [REDACTED] file, I wish to advise that our Board accepted responsibility for the claimant's plumbism.

Mr. [REDACTED] has since returned to work as a bridge painter and has had a further exposure resulting in a recurrence of lead poisoning.

We would very much appreciate receiving a copy of your Harben Lectures for reference in our library.

We are grateful to you for your assistance in clarifying the problem of plumbism.

Sincerely yours,

M. D.
Medical Officer
