Mr. Andrew Erchak
Vice President
Van Dyk Research Corp.
45 South Jefferson Road
Whippany, New Jersey 07981

Dear Mr. Erchak:

Thank you for your inquiry for Santovac 2.

Santovac 2 is a fluid specially designed for use in vacuum pumps. It is a direct replacement for Arcelor 1254 in this application. This product contains polychlorinated biphenyls which some studies have shown may be an environmental contaminant. Extreme care should be taken to prevent any entry into the environment through spills, leakage, use disposal, vaporization, or otherwise. Used Santovac 2 may be returned to Monsanto, WGK Plant, Supervisor Dept. 262, Sauget, Illinois 62201 for incineration and disposal. This service is available for \$0.03/lb. of material disposed of with freight prepaid by you.

A technical data sheet is enclosed. Santovac 2 price is \$1.25 per lb. in 5 gallon cans (60 pounds net weight) and \$1.05 per pound in 55 gallon drums (600 pounds net weight), FOB Sauget, Illinois. There are no distributors for this product. Santovac 2 is available from stock. Orders can be entered by calling St. Louis toll free 800-325-3850.

Please let us know if you have further questions.

Very truly yours,

R. E. Hatton
