Jim, for some strange IT reason we can't open this file. Want to try again?

Thanks,
Scott

Dear Scott,

Pursuant to our previous conversations, attached please find a project proposal and financial assistance request from the Western Governors' Association for the Western Governors' Invasive Species Data Management Initiative. This project provides an excellent opportunity for the Western Governors' Association and the Department of Interior to work together on an issue of major importance to western states

Thank you for your consideration of this request, as well as for your continued attention to the critical issue of invasive species. Please let me know if you have any questions or require additional information. In the meantime, with appreciation and regards, I am

Scott,

I understand there was some difficulty opening the document containing our proposal. Let's see if we have better luck with a pdf. Please let me know if the issue persists.

Thank you,

Aurelia -

I appreciated your phone message from Friday, and yes I had left for the day. Now as we prepare to begin the week ahead, I wanted to get in touch by email. First, I want to introduce you to the Veterans Employment and Training Service (VETS) at the Department of Labor. <https://www.dol.gov/vets/> and <http://veterans.gov/>. VA referred your request to us since DOL is responsible for veteran employment. We work with States and local homeless services providers to fund job training and placement activities that could provide access for veteran candidates interested in training and jobs provided by DOI/NFWF.

We have some initial thoughts, and also a lot of questions about how this might work and next steps to determine feasibility. My senior managers will be in a leadership conference beginning Tuesday, so I would like to try and have an initial conversation with you and some of your staff. I've copied my assistant Alcana Johnson who can try to put a call together based on your availability.
