Q Okay. Now, let's talk about the Fleischer-Drinker study, because you have mentioned that during Mr. McGowan's examination of you.

That was in 1946, correct?

A That is correct.

Q I think I spelled that correctly.

A Yes, I think you did.

Q You would agree with me, wouldn't you, Doctor, prior to 1946 there were at least 5 to 600 articles, prior to 1965, in the medical and scientific literature about asbestos and disease, correct?

A Yes.

Q You mentioned a Dr. Lanza, didn't you?

A Yes.

Q In fact, in 1938 Dr. Lanza published a textbook, in English, in the United States, known as Silicosis and Asbestosis. Are you familiar with that book?

A I have seen it, yes.

Q And in this book, in 1938 Dr. Lanza talked about how to diagnose asbestosis?
