Mandy – The Utility Air Regulatory Group is an ad-hoc coalition of the Nation’s leading fossil energy producers. UARG focuses on Clean Air Act-related regulatory issues. UARG is holding a meeting here at Hunton’s offices in DC on the afternoon of June 22 and the morning of June 23. We would like to invite you to speak to the group at some point during the meeting.

Our agenda is flexible, so you can pick the time that works best. If it works for you, we suggest 2:00 on Thursday the 22<sup>nd</sup>.

We are interested in any Clean Air Act regulatory issue that you are willing and able to address. Topics of interest include the Clean Power Plan, the Mercury and Air Toxics Standard, regional transport, regional haze, and NAAQS/NAAQS implementation. We are not asking you to address pending litigation on any of these issues. We are interested in discussing only possible future regulatory action.

Please feel free to contact me if you have questions or need more information. Thanks for your consideration.
