AIR MAIL

Mr. R. B. Ross  
AC&S  
4400 Bondini Boulevard  
Los Angeles 23, Calif.

Dear Mr. Ross:

Subject: Occupational Illness Claims - Asbestos Workers

Your request to Johnny Zeller for information on occupational disease claims of asbestos workers, particularly asbestosis and other respiratory illnesses has been referred to us for reply.

Back in January of this year we gathered together information of this nature at the request of Mr. Schulz in your Milwaukee Office. We believe that our answer to him will serve you equally well. Since preparation of the January report we have had one additional asbestosis claim.\* This California case has been added to the bottom of the listing of cases which is part of the prior report, a copy of which is enclosed.

We hope the enclosed report will serve your needs. If you have need for any additional information, please let us know.

Very truly yours,

Wallace B. Hoffarth  
Assistant General Manager  
Insurance Department
