

LEAD INDUSTRIES ASSOCIATION

460 LEXINGTON AVENUE

NEW YORK 17, N. Y.

July 13, 1949

To Companies Reporting on Form F:

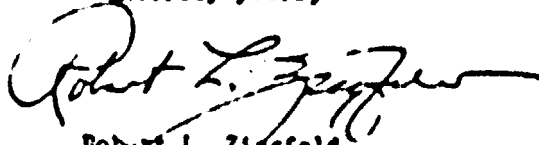

As the large majority of companies who have been supplying information to us for our Form F, Domestic Lead Mine Labor, have indicated that they no longer consider the report of sufficient value to warrant the expense and work entailed in reporting and publishing the information, we are discontinuing the publication of that report as of the last copy issued, by order of the Executive Committee.

This is in line with the Association's policy of minimizing statistical work consistent with providing complete helpful statistical information.

May we take this opportunity of thanking your company for its full cooperation in gathering the information necessary to publish these reports during the years when they were valuable statistical information?

Should the occasion again arise when it is felt that such information is necessary, we hope that we may count on your support once more.

Sincerely yours,

Robert L. Ziegfeld
Secretary
