Dear Doctor Eddy:

Thank you for having sent me a copy of your letter to Dr. Henry Howe in regard to the statement on pneumoconioses from the Council on Occupational Health. Dr. Howe also very kindly sent me a copy of his letter to you dated August 26. I note he has referred the matter to the Chairman of the Committee on the Pneumoconioses as well as to the Chairman of the Council. I am sure it will be handled expeditiously.

Cordially,

Katharine Boucot
