Hi Samantha – I hope this note finds you well. By way of quick background, I most recently served as Senator Murkowski’s Chief of Staff and for a number of years before that with Senator Domenici. A couple of questions: 1) does the EPA maintain involvement in the state permitting process for natural gas pipelines when EPA has delegated administration of the federal 404 program – a client is asking and if so would a meeting with the right staff/staffers be appropriate, if you are not the correct person? 2) could you please direct me to the appropriate person for a meeting on the North American Emission Control Area for Marine Vessels on behalf of a different client. Thank you for your time and indulgence. I look forward to hearing from you.  
Ed
