Subject: Thank you

Ryan,

Thank you for having us in today. I know everyone felt it was very productive, and I hope it was helpful to you as well.

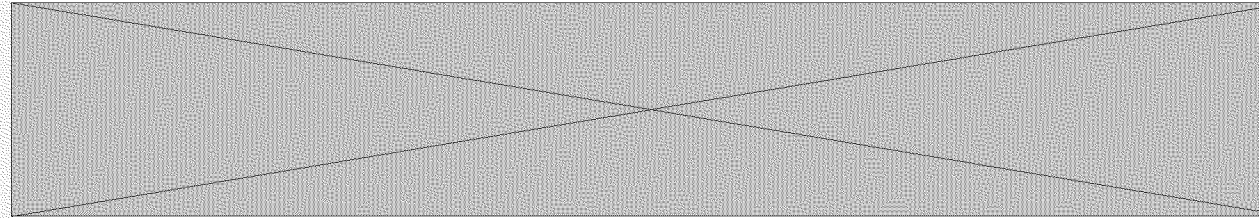

As I mentioned, I did a little work last year for the Town of Silverton and San Juan County in the aftermath of the Gold King incident. Additionally, my brother is the county judge in San Juan County and was intimately involved with the local response. There was considerable internal debate surrounding seeking a Superfund designation, and in my opinion the city got some bad counsel from consultants who saw this as a moneymaking opportunity. I suspect you've received extensive background on the agency's work after the incident, but there may be some value for you in some of this inside knowledge.

Ex. 6 - Personal Privacy so timing isn't great, but if you think it would be helpful to have some more background, I'd be happy to talk or connect you to my brother to have a conversation. It was great seeing you today, and thanks for making the time for us.
