Dr. Kenneth D. Johnson
Manufacturing Chemists Association
1825 Connecticut Avenue, N. W.
Washington, D. C. 20009

Dear Dr. Johnson:

Union Carbide Corporation will pay its pro-rata share of the expense of bringing Dr. Viola (and his associate, if appropriate) to the United States for a conference with the committee, to discuss his past and continuing work with vinyl chloride. We understand the upper limit of this commitment by us is \$500.

Please keep us informed of progress in the negotiations.

Very truly yours,

Assistant Medical Director

K. S. Lane, M. D.
