On behalf of Congressional Western Caucus Chairmen Paul Gosar (AZ-04) and Senator Steve Daines (MT), we are pleased to invite you to be our keynote speaker at the Western Caucus Foundation's Energy Policy Roundtable on Friday morning, March 29th in Houston, Texas.

Specifically, we would like you to make comments regarding your vision on how the Department of the Interior will continue to facilitate America's energy dominance, and its priorities that will impact residents of rural and western America. Our events include presentations and constructive conversations on federal regulatory and public policy issues that have been typically classified as "Western and Rural," but are now having an impact on both the economy and land use in other parts of the country.

The Foundation provides support, education, outreach, and networking opportunities to advance the public policies important to the West and rural American. It offers Western Caucus members, staff, and stakeholders a non-partisan and non-political organization to facilitate discussion of critical Western issues through a robust agenda of meetings, conferences, education programs, and communications.

This event is by invitation only. This event is planned to fully comply with congressional ethics rules and other applicable laws.
