Jeff,

Andrew is going to respond to Boozman's office directly but we discovered that going below the Treasury rate will reduce the amount of infrastructure not increase it.

We can talk when I get back later this week.

Lee,
Thanks again for Friday's Legislative Meeting - your Team is great. I Received word this AM that Chairman Boozman is planning to introduce the SRF WIN Act on Wed of this week. I know your Team was looking to provide "Technical Assistance" re: the workability of a couple provisions and we would like to incorporate those improvements before introduction. As we discussed, the introduced Bill will likely be modified further prior to markup / floor consideration.

If you could send over Technical Assistance by noon tomorrow that would be extremely helpful. Please call my cell with any questions. Thanks again for your timely and thoughtful counsel. This legislation should be a game changer.

Lee

It was great to meet with you yesterday regarding the potential for utilizing WIFIA to finance the State CWA and SDWA SRFs – the IN Finance Authority Model. We now have draft legislation from Senate Leg Counsel and was hoping that Joe Brown (Senator Boozman) and I could meet with you either tomorrow or Friday to walk through the legislation and get your thoughts on a couple of key provisions. Please let me know if you have availability – the EPW Committee is pushing hard to finalize legislation in advance of their upcoming Infrastructure Hearing. Thanks!
