Gentlemen:

I sure got some riled when I see where some fellow is crowing over the fact that being older, and having run into Edgeworth sooner than his less fortunate compatriots, he challenges the world as the champion long-time member of the Edgeworth Club.

He doesn't deserve any medals. He got his reward in the enjoyment of his smoking for the added number of years. He was just lucky in starting sooner, that's all.

However, if you care to delve into ancient history, look up when they first started to pull down the old Grand Central Station in New York," then add at least six months to that, and you will arrive at the approximate time when I first joined the club.

I have smoked at least one pipeful of every other tobacco I have seen advertised, sometimes through necessity, but most of the time to prove to myself that I have been right in sticking to the old blue tin.

Yours truly,

H. M. Wittridge
