Statement for Professional Service Rendered

Dear Tony:

Enclosed please find our interim statement for professional services and costs advanced for the period through July 31, 1987.

There was a credit balance in our Trust Account from the George Elkins v. Finnegan matter of \$226.82, which we have applied against our statement. This means that \$69.82 remains owing. We request that you place our statement in line for payment noting that only \$69.82 remains outstanding.

We appreciate the opportunity to be of assistance to The Sherwin-Williams Company. If you have any questions regarding our statement, please do not hesitate to contact me.

Very truly yours,

LANE POWELL MOSS & MILLER
