USE THESE MAILING FOLDERS

It will take but a few minutes to address and fold these cards; and but a few cents for postage to mail them.

If sent to people whose houses need painting these folders can almost be guaranteed to help you land a few jobs.

Read what a Minnesota contractor says:

"Those post card mailers which you sent us brought in the best of results. We secured eight jobs out of every twelve through this advertising.

Please put us down for your circular advertising next year. We will guarantee not to let any dust settle on this literature."
