Dear Dr. Kehoe:

James C. Roumas, of New York, N.Y.

has applied for Fellowship in the American Public Health Association and has listed you as a reference in his/her application.

The Association By-Laws provide that only professional health workers who have been Members of the Association for at least two years and who have attained an established professional standing in the field of public health shall be eligible to apply for Fellowship.

To supplement the record of the applicant's training and positions held, which is included in the data on file in this office, we ask you for the following important information:

- a. Your candid opinion of whether the applicant has, or has not attained an established standing in the profession.
- b. Your knowledge of the applicant's contribution to public health.

Your statement of opinion is requested by the Committee on Eligibility which passes on all applications. An early reply from you will be most appreciated.

Sincerely yours,

*Acknowledged by Dr. Pessler
