GARY MOSNESS AND DAVE WAGNER, *(center left and right)* of Big Timber were the recipients of an Award of Appreciation from Burlington Northern railroad recently. The two men were cited for "exercising good judgment and protecting the safety of Employees and Property" in an incident near Grey Cliff last January.

Making the presentation were J.W Jeffries, left, Roadmaster at Livingston and Tony Rio, right, Trainmaster, also of Livingston. (Pioneer Photo)

Wagner and Mosness receive awards

Two Big Timber men, Dave Wagner and Gary Mosness, were given an Award of Appreciation from the Burlington Northern railroad recently "for exercising good judgment and protecting the safety of employees and property on January 31, 1979, by discovering broken frog on east switch at Grey Cliff."

Wagner explained on that date he and Mosness went with the section crew to change a defective rail which had been discovered by the detector car It was located east of Bridger Creek.

On the way home the two men discovered the broken frog (a section of track) at the same time on the east switch at Grey Cliff It had evidently broken after the detector car passed by If the broken piece had not been spotted by Mosness and Wagner a train derailment could have possibly occured.

The dispatcher at Glendive was notified to run the trains through the siding at Grey Cliff until a new frog was put in. The crew enlisted the help of a boom truck from Bozeman.

"We got done around 11 p.m., after a cold long day" Wagner reported.

Official signatures on the citation included J.O. Davies, Vice President of Operations Billings Region; R.L. Grinde, assistant Vice President Safety and Rules, St. Paul, Minn., and R.D. Schlappy, Superintendent of Rocky Mountain Division, Missoula.

Making the presentation were J W Jeffries, Roadmaster and Tony Rio, Trainmaster, both of Livingston.

Planning Board meeting

Continued from page 1

Grossfield and her concerns for planning, as few people ever attended the meetings.

In other business a two acre minimum was set for future mobile home courts and approved qualifications for a job description for a part-time planner. A change in meeting date from the last Tuesday in May was set to May 22 because of the Memorial Day weekend.

Under the new proposed zone changes under study for Big Timber it was agreed any new mobile home courts would have to be a minimum of two acres in size. This would not have any bearing on individual mobile homes on private lots, but courts owned by a business renting space to mobile home owners. Board member John Morrison dissented in favor of smaller courts.

The board learned the County Commissioners wanted a 60 foot right-of-way in the Collesborne sub division and the road to serve all properties extending the road on the west beyond the board's recommendations.

Flick said the Mayor and board chairmen of both planning boards had met with commissioners to work out a budget for a half time planner. A job description was drawn up with a requirement for a B.S. in planning and/or 3 year experience in subdivision or zoning review An ad will be placed in the Gazette and Great Falls Tribune

The May 22 meeting date will be held in city hall at 7:30 p.m.

Fires

4/23-7:04 p.m. — Small chimney fire at K Thompson residence. Fire Chief dispatched.

Accidents

4/27 9:39 p.m. — One pickup accident 4 miles west of 4 Winds. Driver received facial, head and internal injuries and taken to Billings Hospital.

First Security Bank to add on Drive-In facilities

The Board of Directors of First Security Bank of Big Timber announce an expansion of the bank facilities by the addition of three new drive-in lanes.

Each drive-in will have a 14-foot clearance for easy accessibility by campers, trucks and cars. Two of the lanes will be activated as soon as construction is complete; the third will be opened at a future date. Additional improvements will be paving, landscaping and sign improvements. Todd Construction, Inc. of Big Timber, the general contractor, will start construction the first of May

The Directors feel the expansion is necessary with the volume of customers now using the convenience of drive-in banking "We hope this will continue to provide our customers with the most progressive and convenient banking," a spokesman said.

Hospitality House News

By HULDA GALLENTINE

We had good movies on Friday, but the attendance was very small. These pictures have to be ordered ahead of time. If there is not enough interest we shall have to discontinue the pictures. The projector also has to be borrowed.

Bingo will be played on Thursday, the 3rd of May at 7:30 Many prizes are available if you win.

Thirty attended the birthday party on Monday Only a few birthday people showed up. Cakes were baked by Francis Rodems, Tillie Hulin, Ellen Ware and Hulda Gallentine Ice cream was furnished by Hospitality House.

Is there any place you would like to take another bus trip to. Be thinking about this. We can have some more trips soon.

Irrigation restriction still in effect

City Hall reports no change in Big Timber's water situation as of Monday An irrigation restriction is still in effect until further notice.

The inoperative pump is in Billings being repaired and the new pipe which has been ordered from Oregon has not yet arrived.

VALUE of the WEEK
