There will be a meeting on Friday, January 14th at 1:00 p.m. It will be held in the VIP room as usual.

Our purpose is to review 1976 items and resolve to conclusion.

The items I have on my list are:

1. Review "EPP Concerns List" for wrap-up.
2. Electrical tracing hazards.
3. X-ray procedures.
4. Emergency signals - audibility.
5. Emergency room power backup.

If you have other items that we need to discuss, please come prepared to discuss. By copy of this, I am asking Arnold Glass or his alternate John Fast or alternate to attend to discuss the x-ray problem. Also, I will schedule Sam Graves to discuss EPP room power backup status.
