Cincinnati, OH 45267

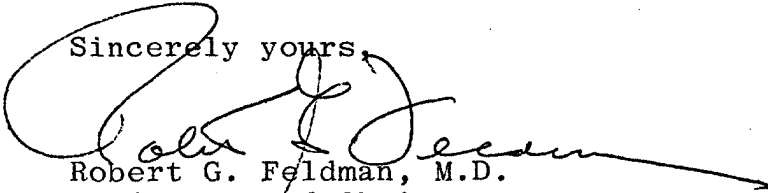

Dear Dr. Kehoe:

Mrs. Patricia Travers and I would like to thank you for taking the time to meet with us last week. It was interesting to discuss your research of subjects exposed to lead by inhalation or ingestion and I look forward to reading your book when it is completed.

As we discussed, I am particularly interested in the current health status of these lead-exposed subjects and am grateful that you will allow us to contact them and pursue this question. I will be in touch with your secretary, Mrs. Isenhour, for the names and addresses of these individuals.

Again, thank you for your permission to follow up the health status of these subjects. I hope you enjoyed your birthday celebration and have a pleasant holiday.

Sincerely yours,

Robert G. Feldman, M.D.
Professor and Chairman
Department of Neurology
