Mr. Karl Krieg, Employee Relations Manager
The Philip Carey Manufacturing Company
320 South Wayne Avenue
Cincinnati 15, Ohio

Dear Mr. Krieg:

Enclosed are photostatic copies of death certificates or proof of death forms in connection with every death claim that was paid under the Philip Carey contract from 1957 through 1962. The Home Office has informed us that they do not keep this material for more than six years, therefore, it is not possible to send copies of such forms for the years prior to 1957.

However, as requested by Dr. Mancuso in a phone call to Home Office, they are attempting to get a claim listing for the years prior to 1957, but since such information is retained for only ten years, the listing will not cover death claims since the date of issue of the Group Contract and will be restricted to 1953 or 1952. This is the best that can be done since our filing rules are such to provide for the destruction of earlier material, but we trust the enclosed copies of death certificates and the listing which will follow shortly will be of some help to Dr. Mancuso in his survey.

Very truly yours,

J. R. LYNCH
Group Supervisor
