ATT00001.txt

We understand the call between Bishop and Pruitt went very well this am
Bishop called here before the call to go over the ask
The Administrator asked for language-we sent the attached to Bishop but wanted to get it to you
The changes are the two red-lined items
Separately, we talked to Governor Herbert's staff
We understand that they will be handing the Administrator a letter On Tuesday seeking this change
Cody and the Governor will be telling Pruitt of there appreciation for your help
