Monaca, Pennsylvania

Attention: Mr. William J. Gort

Dear Mr. Gort:

At the request of your Mr. James W. Lents I am sending you samples of some of the products which are made by Bird & Son.

We are hoping to arrange a meeting with Koppers Company on building panels in the near future and Mr. Lents felt that you might desire to see some of the materials which we hope can be incorporated into building panels.

If you desire any additional material for making sample panels, please advise me accordingly.

Very truly yours,

BIRD & SON, inc.
