Subject: Biogenic CO2

Mandy and Anne,

Following up on our request for a technical meeting with air staff regarding biogenic CO2 from agricultural crops. We are hopeful that the petition for rulemaking that we filed almost three weeks ago will facilitate a very constructive discussion.

FYI, the op-ed published in a Sunday edition of the Cedar Rapids, Iowa Gazette is typical of our messaging to grassstops leaders on the issue. You might start to hear from some of them. Here is the op-ed:

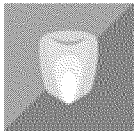

<https://www.thegazette.com/subject/opinion/guest-columnist/let-cedar-rapids-grow-green-20200920>

Thanks for your consideration.

John

Subject: Biogenic CO2

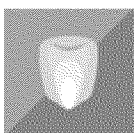

Mandy and Anne,

Thanks for your interest in reviewing the Biogenic CO2 Coalition's petition for rulemaking, which was submitted about 11 days ago. As noted in our recent calls, we would greatly appreciate a technical call with staff regarding our proposal. We are hopeful that the petition will facilitate such a call. Through the years of discussion of this matter, the Coalition has repeatedly requested such a meeting/call, but the request has not yet been granted. Pleased to discuss, of course. Thanks for your consideration.

John
