

ETHYL CORPORATION

100 PARK AVENUE BUILDING AT 41st STREET
NEW YORK 17, N. Y.

April 28, 1960

Mr. F. W. Dittus, Vice President
Technical Services Division
Caltex Service Company
380 Madison Avenue
New York 17, New York

Attention of Mr. M. L. Langworthy

Dear Mr. Dittus:

This answers your letter of April 26th regarding clearance by the health authorities in Holland for the use of TML in gasoline in that country.

I have checked with our own medical people and I am happy to report that your letter to me is ample evidence for us that you can market gasoline containing TML in Holland. Naturally, we assume that if there are any further questions either in Holland or if you desire to extend your marketing to other countries that you will get in touch with us and give us similar reasonable assurance that there are no objections by the health authorities in those countries.

Very truly yours,

M. P. Murdock
Vice President - Sales
