

Royall - Conv.

6/5/85

- Royall - prefers for EPA to take initiative
- doesn't mind if DuPont requests EPA to have a meeting
 - will request that DuPont be involved with Ware, Royall, EPA + CDC to discuss issues further

Very pleasant.

Seemed to have a good feeling for our analysis + the validity of our arguments.

Don Diggs call 6/21/85

- Extra \$15M authorized; no more money coming (Maybe LWB has some money that may be of use)

• Strategy

Lippman - Short term: Request from EPA we be involved in discussions w/EPA, Ware, Royall in resolving blood lead / blood pressure rel.

Letter to Grant cc: Lippman
Ware
Royall

- Long term: Publication of results in Archives of Env. Health.

- Call JMP to discuss

JMP - Conv. 6/9
JMP to write letter
