Hey Peter, just talked with Troy about responding to this request. What phone number can I reach you at? Just want to get some more details on the sites before we send anything over to NYT.

Troy, et. al.

I received some further information about the reporter's questions. The reporter is Hiroko Tabuchi of the NY Times. Apparently she is trying to compile a detailed biography on me.

She also had two additional asks:

- She said we previously stated that you worked on 14 superfunds sites: she would like to know if we can share the list of those ;
- She asked if we can confirm that Mrs Wright works at Dow – and if so if we can confirm what her role is.

As to the first bullet, I have worked on many more than 14 Superfund sites. I have been involved in the negotiation of 14 Administrative Orders on Consent since 2007 with Region 5 addressing the Tittabawassee and Saginaw Rivers and floodplains.

As of June 30, I have retired from Dow.

If I am contacted I will direct any inquires to EPA.

Have a great week and holiday.

Regards,

Peter
