I don't know if I can get someone there in time by tomorrow but definitely we will cover remote — send me videos and stuff and whatever from there I'll get someone to write up

Also if he wants I can get him on my radio show on Saturday morning to discuss afterwards?

And let me know when you guys start planning for June would be great to get event we talked about with Breitbart on the calendar soon

Hi Matt,

Secretary of Energy Chris Wright will be traveling to GA tomorrow to deliver remarks on 100 days of Unleashing American Energy with President Trump at a factory that would have been forced to close had the Trump admin not reversed Biden administration regulations on home appliances. The event will be held 40 minutes from Atlanta. It would be great to have a camera or reporter there from Breitbart or remote coverage. Remarks will be at 9:30 am and there will be opportunities to tour the factory with Secretary Wright and do a 1 x1 interview in the 11 am hour.
