Subject: moving on

Dear friends and colleagues:

After five years of leading BHP's Washington office, I have decided to move on to new endeavors. This Friday September 29 will be my last official day in the office, and I will continue to support the transition for some time.

For BHP-specific matters after Friday, please contact Acting Head of Office, Jason Buckner at Jason.Buckner@bhpbilliton.com or 202-383-4440.

I am proud of my contributions to BHP, one of the world's great corporations. These include the establishment of a DC office, working with business and corporate leadership to develop a globally consistent and holistic Washington-based public affairs strategy and the execution of tactics and deployment of resources to achieve measurable and meaningful results. With this foundation in place, I am confident that the Washington office will continue to do great work for BHP and enrich public discourse on key policy issues of our time.

I look forward to continuing our relationship and work in the future, and expect to send you an update in coming weeks. Please feel free to reach out anytime via email: frank.r.fannon@gmail.com.

Sincerely,

Frank Fannon

BHP
