Subject: Cape Fear Memorial Bridge Status

Hi friends - Thank you for your patience on this. Please see status update below:

The North Carolina Cape Fear Memorial Bridge Replacement Project was selected for a Bridge Investment Program grant on July 17, 2024. The Department is actively working to review grant agreements for consistency with all executive orders and direction issued by the Trump-Vance Administration as consistent with law. The draft grant agreement for this project is being coordinated between the North Carolina FHWA Division office and NCDOT. On March 5th, North Carolina DOT Secretary Hopkins met with USDOT HQ to discuss project details.

Will keep you apprised with additional updates as they are available.

Hey Anna! Sorry I'm knee deep in hearing prep for the Secretary, and catching up on emails. Let me do a little digging and check in on a status update for you

I know both your team and Chairman Graves folks have flagged for us so very much on my radar.

I'll keep you posted as soon as I have something

Hannah,

We met with an industry group who mentioned "DOT has big plans for the Cape Fear Memorial Bridge." Can we hope on a call and go over what said plans are?

Hey Anna – wanted to check back in and see if you were able to connect with the lobbyist / if there was anything else you needed from us for the time being on this

Thanks!
Hannah
