They come out all the time.

Q I have two here that have been marked as Ford Defense Exhibits Number 36 and 42. They were marked pretrial. And I would like to ask you a couple of questions about them.

MR. SMITH: May I approach, Your Honor?

THE COURT: You may.

MR. SMITH: Thank you.

BY MR. SMITH:

Q If you could identify this first one for us, please.

A It is an October 24th, 1975 technical service bulletin from Ford's parts and service, so that would go out to all of the dealerships.

And the chassis, it says brake asbestos fiber dust removal, Ford, Lincoln-Mercury and trucks, all cars, all years, caution, dust and dirt -- this is a bad copy -- present on wheel brake assembly rotors and drums may contain asbestos fibers that can represent a potential health hazard when made airborne by cleaning with compressed air.
