REVISION FREIGHT ALLOWANCE RULING
Schedule VI - Page 2 - Paragraph 3
Revision in Line 47 - Effective 12/25

A large majority of Licensees selling Flexible Range Boiler Jackets favor eliminating freight allowance on less than ten jackets.

The Licensor believes that in the interest of all, this ruling should be adopted: That the present ruling frequently requires Licensees to pay freight charges that amount to as much as the selling price of the jacket. He also believes this change will induce customers to order a larger number of jackets at a time.

Therefore on December 25th the following ruling becomes effective:

"Prices on less than 10 jackets F.O.B. factory.
On 10 or more jackets prices are F.O.B. factory
with full freight allowed."

N/

M. 12/9/37

to

does not apply to jackets
