I am working on putting an agenda together for our Environmental, Health, Safety, and Security Committee Meeting. As we are a little over 2 weeks from the meeting on April 19th, I wanted to see if we could firm up a time for you to address the committee. We are meeting from 9am – 2pm and can accommodate you at your convenience.

We really appreciate all the work you have done and continue to do. Several of our members have given you many accolades! Appreciate your willingness to address the committee.

Regards, Ed.

Thank you Ed. It is truly exciting. For the short-term I will remain here and staying on as a Presidential appointee for Water. Let's firm-up the conference Committee meeting attendance, something I would like to do probably later in the day. Let's keep in touch.

I hope you are managing to maintain a calm and collected attitude.....really looking forward to all the good work we can accomplish together. I personally have not been this excited about a new EPA Administration - EVER!

I am not sure if you are returning to the White House after the confirmation but wanted to quickly touch base about having yourself or possibly Don Benton come over and address our Environment, Health, Safety and Security Committee on April 19, 2017. We can accommodate you at anytime during the meeting (9am – 2 pm) which will be held here in our Washington, DC office (425 3rd St, SW).

Thanks in advance for your time and consideration of our request.
