CONTROL VALVE CONSTRUCTION

SECTION B

GENERAL REQUIREMENTS - PURCHASING

1.0 GUARANTEE

VENDOR guarantees that the control valves furnished hereunder meets the requirements set forth in this Agreement and are free of defects in design, materials and workmanship for a period of one year after the date the equipment is placed in operation (but not more than eighteen months after date of delivery). If any item of design, materials or workmanship does not meet this guarantee and VENDOR is notified thereof, VENDOR shall, at his own expense, promptly make such alterations, repairs and replacements as may be necessary to meet this guarantee with the least overall loss of operating time to COMPANY.
