Subject: Supplement to Report of August 10, 1967 -
Joint Conference - Navy Department Representatives
and Pump Manufacturers
Washington, D. C. - June 27, 1967

Gentlemen:

Subsequent to release of the above report, the attached letter dated August 21, 1967, was received from the Naval Ship Engineering Center. The contents are self-evident, and the letter should be attached to the report for the completion of that document.

No reply to this letter is required.

Very truly yours,

Frank P. Anderson

New York, New York

Attention: Mr. Frank P. Anderson
Secretary

Dear Sir:

Receipt is acknowledged of your letter of 10 August 1967 which forwarded the final draft of tabulations indicating those paragraphs of specification MIL-P-17881, MIL-P-18472, and MIL-P-18682 that were discussed at the meeting held on 27 June 1967. Naval Ship Engineering Center has reviewed the draft and the following final comments apply:

Specification MIL-P-18472

Paragraph 3.5.1.6 and 3.5.1.7 - Change to read "Pump manufacturers asked to furnish data limiting K factors."
The remainder of the comment as indicated in your letter was not intended to apply to specification MIL-P-18472.

The comments listed on page 1 of Naval Ship Engineering Center letter Ser 6153B1-1719 of 3 August 1967 are applicable to specification MIL-P-17881 only.

Sincerely yours,

/s/ V. Wiersma
