Dear Phil:

Attached please find a copy of Operating Policies and Procedures that was forwarded to our office dated 7/28/76. I have also enclosed a copy of your previous policy statement dated 10/18/72.

Phil, I would like to request that you review the material in the July presentation for any changes that may have occurred since that time. Secondly, I would like to ask that you resubmit the the update in the format used previously by you and all other NAPA Manufacturers which is exemplified by your 10/18/72 report.

I would appreciate the return of your revised edition just as soon as possible, since I am attempting to update all the reports we presently have in the field. I am hoping to have this task completed by the third week in April.

Best regards,

N A P A
