Dear Martha,

Please watch a heartfelt message from our former board president and one of our most impassioned supporters, **Shawn Donnille**, about why the work we do is so important to him and his company.

Mountain Rose Herbs and Beyond Toxics share a concern for the future of safe, healthy organic food and vibrant ecosystems. We are fighting to protect our environment and vulnerable communities across Oregon from exposure to toxic chemicals and pesticide drift.

Please **join us** by donating today! **Together, we can win.**

Everyone at Beyond Toxics wishes you and your loved ones a healthy and happy New Year!

Sincerely,

Lisa Arkin, Executive
Director
