

Knowledge of Asbestos Substitutes – 1947

“The latest glassfibre process to be introduced into Germany was that originally developed by Owens-Illinois Glass Co. in America in 1934. (DRP 626436). [Deutsches Reich Patent] The sole licensees of the Owens process in Germany are the Gerresheimer Glaswatte G.m.b.H., Dusseldorf, and production started at their works in 1936, continuing until the end of 1944, when part of the equipment was damaged by artillery fire.”
