NOIA sponsors what is known as a Legislative Strategy Group (LSG) consisting of the Government Affairs representatives of our member companies, who are located in town. We meet about every other month and provide a forum for an informal off the record discussion about various issues. (There really isn't any legislative strategy discussed, except on rare occasions)

The next one is scheduled for Friday May 11th at the City Club (on F street between 12 and 13th). There is a light continental breakfast available). It begins at 9:00 am and ends whenever the speaker requests, but usually no later than 9:45. The format has been allowing about 20 minutes for presentation and then time for questions.

Past speakers come from the Hill and various administrative agencies. You would be excellent to give an update and "where we are going" from EPA. I've had you on the list to ask, but thought it might be too soon. Unfortunately our planned speaker from Energy just informed us that he is unable to attend this time. So, if it should remarkably fit into your schedule, you would be great.

Thank you for your consideration.
