PLAINTIFF'S EXHIBIT

SH-1700

FROM: J. T. WOODS, ENVIRONMENTAL OPERATIONS
TO: SEE ATTACHED DISTRIBUTION
SUBJECT: ASBESTOS DISPOSAL

The cost of asbestos disposal in drums is prohibitive. We are currently evaluating alternate disposal options and request you discontinue the drumming of asbestos.

Please place the asbestos in bags marked with the asbestos warning label and stockpile the bags in your area. You should rope-off a section near where the asbestos is being removed and mark it with asbestos warning signs for holding the asbestos until final disposition has been arranged.

Please notify Don Robinson on Ext. 7280 that you have asbestos stockpiled for disposal so that you can be given disposal instructions when our plans are finalized.

If you have questions, please call me on Ext. 7653.

A handwritten signature in dark ink, appearing to read "J. T. Woods".
