Dear Dr. Kehoe:

This acknowledges your communication of July 10 regarding the reports and reprints which arrived in good order. I have not as yet had the opportunity of reviewing them, but I am sure that this material will be of great interest and assistance to us.

We enjoyed very much having you with us on June 26 to discuss the TEL problem. I think your presentation was very helpful to Dr. Bauer and Dr. Chapman. I have sent forward a memorandum to the Bureau Chief with my recommendations regarding this matter, but as yet he has not had the opportunity to study and reply to it.

With kindest regards.

Sincerely yours,

Henry N. Doyle
