TO: VICE PRESIDENT OF THE EUROPEAN COMMISSION

Dear Vice President Timmermans,

Please find enclosed an invitation letter to you as a high-level politician to participate in our study on the levels of hazardous chemicals, specifically the so-called 'forever chemicals', PFAS, in blood samples. Your participation would be greatly appreciated and would send a powerful message about the European Commission's commitment towards EU citizens protection.

Thank you for your consideration, and we hope that you will join us in this important effort to improve public awareness and health.

Sincerely,

[REDACTED]
