Dec 1175 Bo~~E~~N, Raymond JWR 1947-1949 Spinning and
Doubling, also worked in a forge 1961-1967 d. 3.3.81.
1980 report Brown claims told of asbestosis 1950-ish
after working at JWR; asbestosis confirmed but also
& chronic bronchitis (cigarettes); constitutionally
based atherosclerosis; myocardial dysfunction
- 50-60% disabled (50% of this due to cardiac disease,
1% due to asbestosis 10% to bronchitis)

PMP 1977 - 10% 78 - 20% 1980 30%

Ur accord can on P.M. some doubt that [illegible] asbestosis
PMP says c of d was an infarction of brain due to
cerebral embolism due to R. atrial thrombosis NOT
asbestosis.
