

ETHYL GASOLINE CORPORATION

CHRYSLER BUILDING
405 LEXINGTON AVENUE

INTER-OFFICE
CORRESPONDENCE

NEW YORK Dec. 30, 1940

Dr. Willard Machle

Dear Bill:

Thanks for your letter of December 23, referring to the suggestion of Mr. Hudiburg about supplying pictures of tank cleaning workmen properly equipped.

I am glad to say that his suggestion was picked up in this office and was referred to the Mine Safety Appliances Co. on December 19. We have a reply from them dated December 27, which reads as follows:

"We appreciate your letter of December 19th calling to our attention an ad which appeared in the "Refiner and Natural Gasoline Manufacturer" in regard to equipment being worn by the men in the photograph.

We will be only too glad to have our pictures conform to the Ethyl Gasoline Standards, even if we have to go to the extent of picking more carefully our location for taking pictures".

Very truly yours,

MR
