Mr. L. E. Park, Supervisor
Maryland Casualty Company
Baltimore, Maryland 21203

Dear Mr. Park:

I am in receipt of a letter from Robert F. Chenoweth, M. D. and William S. Spicer, Jr., M. D. regarding the possible risk of health hazard at Libby, Montana.

It appears that the data analyzed was incomplete, as the findings are inconclusive. Dr. William S. Spicer, Jr. recommends that a complete epidemiologic and physiologic study be done in the near future.

I would appreciate your comments on the suggestions made by Dr. Spicer. I trust that you will be in agreement with the recommendations and that the Maryland Casualty Company, as part of their service, will proceed with this study.

Very truly yours,

F. W. Rupp
Treasurer
