Subject: Meeting request - RFS & Biodiesel

Ms. Dravis,

I work on behalf of the American Soybean Association (ASA) and the National Biodiesel Board (NBB). ASA CEO Steve Censky was among the ag group CEO's that met with you back in March and he suggested you might be the appropriate person within EPA leadership for us to have follow-up discuss regarding our RFS program interests and perspectives. **Would you be available to meet anytime the next couple of weeks with me and Anne Steckel, VP of Government Affairs for NBB?**

We would like the opportunity and think it would be beneficial to share with you and/or the other appropriate senior policy officials at EPA background on the biodiesel industry. Anne and other NBB leaders met last week with Chris Grundler, Director of the Office of Transportation and Air Quality (OTAQ).
