A I am not sure.
Q Okay. But it was sometime around then?
A Yes.
Q Okay. And Ms. Hines asked you whether or not garage men drivers did brake and clutch work, and your response was no.
A No.
Q Driver mechanics didn't do brake and clutch work either, did they?
A No.
Q As a driver mechanic, you would go and drive the --
A That is right, the driver mechanic. Why it was a mechanic, I don't know.
Q Some weird government thing, I guess.
As a driver mechanic, I think you said you would have to go into the garage to pick up your key and finalize things about your route; is that right?
A That is right.
Q Okay. And then the rest of the working shift you would be out on your route making your run,
