All,

Per our teleconference last Thursday, attached is a copy of Shell's TSCA 8(e) submission from the International Benzene Symposium.

I am drafting text summarizing Dr. Wong's findings, for inclusion in our submission, and will circulate the draft for comments.

Please advise if you have questions.

Regards,

Eric

Eric,

No problem sharing the Shell letter.

I'll check with a computer whiz here to see if the Irons' presentation can be printed.
