My dear Miss Pettingill:

I am inclosing the original letter relative to the pledge of \$10,000 for the LEAD FUND. You will remember you asked me for this early in December and as Dr. Aub was out of town I said I would send it to you just as soon as he returned. Here it is.

Very sincerely yours,

Marian Dale,
Secretary

My dear Miss Dale:

Enclosed you will find the original letter from the Lead Industry Association, promising me the \$10,000 about which Dr. Drinker sent me a letter. They have now given us \$5,000 of this amount, but are obviously not anxious to give us the total amount at this time of economic depression. However, we have always received extra funds promptly whenever we have written for them.

This letter, I understand, is all that you want me to do in regard to the matter.

Very sincerely yours,

Joseph C. Aub, M.D.

My dear Dr. Aub:

The medical research fund for the support of your work is coming along very nicely and you may rest assured that it will have our whole hearted support and that the \$10,000 requested for your activities will be available. Our membership is so widespread and embraces so many industries that it has taken a little longer than I anticipated hearing from all our members.

Please let me know how much of this fund you would like at this time.

Sincerely yours,

(signed) F. E. Wormser,

Secretary.
